

SPRING-8 Program Fee Payment Agreement

1. Proposal Number (If unknown, provide the application number.) 2. Beamline

3. Title of Experiment

4. Project Leader's Name and Affiliation

I hereby agree to pay the program fee for the non-proprietary grant-aided proposal conducted by the project leader above in accordance with the Terms and Conditions set forth below.

Signature _____

Name _____

Organization _____

Position _____

Date _____

Terms and Conditions

1. Japan Synchrotron Radiation Research Institute (hereinafter referred to as "JASRI") shall charge the organization above (hereinafter referred to as the "Organization") the program fee for the non-proprietary grant-aided proposal when the above experiment was conducted by the project leader designated by the Organization. The Organization shall make the payment to JASRI's designated bank account within 60 days of the invoice date. The Organization shall be responsible for any bank charges incurred.
2. The program fee for the non-proprietary grant-aided proposal shall be 131,000 yen per shift (8 hours), 16,375 yen per hour.
3. If the Organization wishes to change (reduce) the number of scheduled shifts, the Organization shall so request and obtain approval from JASRI before the start of the experiment.
4. In the event that the Organization loses part or all of its scheduled shifts due to reasons attributable to the facility, the beamtime fee shall be calculated based on the number of shifts actually used through consultation between JASRI and the Organization. The Organization may not make a claim against JASRI for any damages arising from the loss of shifts or file for compensation of beamtime loss.

Supplementary Information: Synchrotron Radiation Use for Non-proprietary Grant-Aided Proposal

Application or Proposal Number:

Project Leader's Name and Affiliation:

Check either of the two boxes and provide the required information.

- The use of SPring-8 is specified in the Research Purpose & Plan (a copy of the relevant pages from the grant application).
Page no.: _____
- The use of SPring-8 is NOT specified in the Research Purpose & Plan.
Provide below, or attach separately, a statement outlining that the proposed research involves the use of synchrotron radiation.
